Improve Our Rural Roads Petition

TO THE HOUSE OF COMMONS.

The petition of residents of Torridge and West Devon, declares that the petitioners believe that Parliament and the Government have an obligation to ensure that those living in rural areas are not at a disadvantage when it comes to the maintenance of the roads network and that more needs to be done to tackle the problems of poor road surface quality and to make pothole repairs in rural Devon.

The petitioners therefore request that the House of Commons urges the Government to make provision for further investment and support for local authorities to improve the upkeep of rural roads connecting small villages and settlements, specifically in rural Devon. *And the petitioners remain, etc.*
